

S. No.	EOI Document Reference(s) (Section & Page Number(s))	Content of EOI requiring Clarification(s)	Points of clarification	Reply
1	Section I - Instruction to Bidders, Point no. 4 (Empanelment Terms & Conditions), Page no. 12	The empanelment period ("Empanelment Period") shall be for an initial period of Three year	In the previous empanelment, the price revision was allowed after first 12 months of empanelment. However, any such clause has not been mentioned here. Please clarify the frequency of price revisions during the rate contract	Rate would be fixed for 3 years, only tax change if any (like sales tax or excise duty tax etc) are allowed to change in this span
2	Section II - Bid Forms, Annexure 9: Financial Bid Format, Page no. 44	A panel of bidders for each configuration will be formed. For this BUIDCo will ask other technically qualified bidders to match the L1 rates for that configuration. Thus by way of giving successive opportunity for matching the L1 rate a panel of bidders will be formed for each technically qualified configuration. The decision of BUIDCo arrived at above will be final for empanelment and no representation of any kind shall be entertained. If none of the bidders L2, L3, L4 agree to match L1 rates then L1 alone shall be on the panel.	1. Please clarify on the minimum quantities, item wise which are to be procured during the period of empanelment 2. In order to be commercially viable, minimum share of business for each item may also please be specified since upto 4 bidders are being allowed by you to supply at L1 prices 3. Ideally, we would like to propose that the L1 bidder should be given the first right of refusal at catering to the POs from different ULBs, even though multiple vendors are approved. This would help bidders offer better prices.	1. The minimum quantities is not specified it will depend on ULB demand. 2. It can not be specified because quantity of equipment to be supplied depend on ULB demand. 3. L1 Bidder is given first of right to supply the demand of ULB as per bid condition but if more no of equipment/goods demanded by ULB than obey the time frame put by ULB distributed among others
3	Section II - Bid Forms, Annexure 9: Financial Bid Format, Page no. 44	The above rates are inclusive of packing, forwarding, freight, insurance, installation, Commissioning, warranty or any other charges for supply in Patna/Specified ULB,Bihar	Please clarify as to whether the price quote being asked for includes first year insurance of the fully built vehicle, and/or the permanent registration charges	Quoted price includes only Transit insurance.
4	Section I - Instruction to Bidders, Point no. 4 (Empanelment Terms & Conditions), Page no. 13 & SECTION III - SCHEDULE OF SUPPLY, Page no. 2	Unless agreed in writing with the bidders, the delivery of the ordered Goods should be as per the schedule given in Schedule of Supply (Section III) 2 Delivery and Completion Schedule Delivery of Goods and Related Services should be carried out as per provisions of Purchase Order which may be issued by the Purchaser time to time for such quantity as may be required by the concerned Urban Local Bodies in Bihar or any other department in Bihar.	Delivery schedule has not been mentioned clearly in terms on no. of days from the date of purchase order, please clarify min. and max. day criteria for us to work out commitment with suppliers. From our past experience with other states and ULBs for supply of similar products, the delivery timeline is usually 60 days from the date of PO release	Depends upon the quantity of the equipment and requirement of ULB.
5	SECTION III - SCHEDULE OF SUPPLY, Page no. 7	Special condition for purchase order above 50 b. There should be 1 year minimum guarantee and 4 years AMC vehicle will repaired within 24 hrs. for any no's of vehicle/amt.	1. Please advise as to how AMC is to be quoted since it is never part of the product price with any of the OEMs. Please also specify AMC terms and conditions 2. Vehicle repair commitment within 24 hrs. timeline is not feasible for unscheduled or major repair jobs. However regular preventive maintenance service can be honoured within 24 hrs. of reporting in the workshop, with certain pre conditions	1. One year warranty for each equipment/good has to be included in the price and balance 4 years AMC with spare parts price has to be mentioned and it will be paid by concerned ULB. it has to be mentioned separately. For Portable and Bio Toilet 5 years cleaning and maintainance chargers to be mentioned seperately 2. Bid condition prevails.

S. No.	EOI Document Reference(s) (Section & Page Number(s))	Content of EOI requiring Clarification(s)	Points of clarification	Reply
6	SECTION III - SCHEDULE OF SUPPLY, Technical Specification, Page no. 7	Bidder should quote the rate of Tipper and Bin Lifter separately.	Please clarify whether we are to give two quotations namely: 1. Auto Tipper 2. Auto Tipper with Bin Lifter or only one quotation with price of auto tipper, and an accessory quote of bin lifter assembly is to be given Also please advice if only one EMD is to be deposited against the two subcategories of auto tipper	You need to provide 2 quotes, 1. Auto Tipper and 2. Auto Tipper with bin lifter. Only Single EMD is applicable And separate experience for Auto tipper & Auto tipper with bin lifter may be considered.
7	Section I - Instruction to Bidders, Point no. 4 (Empanelment Terms & Conditions), Page no. 13 & SECTION III - SCHEDULE OF SUPPLY, Technical Specification of Elevated Hydraulic platform, Page no. 29	While attempt has been made to keep the technical specifications of the desired products vendor neutral, deviations if any please be informed to The Purchaser TECHNICAL SPECIFICATIONS OF SKY LIFT OF 9.0 METERS WORKING HEIGHT ON MAHINDRA BOLERO MAXI TRUCK / TATA ACE EQUIPMENT:- The equipment should be two boom design. CHASSIS Make – Mahindra /TATA Model – Bolero Maxi Truck/ACE Engine Power – 62 H.P. (46.3 K.W.)	Specific Mahindra and TATA make has been specified for the elevated platform vehicle. Further engine horsepower has also been specifically mentioned as per Mahindra make vehicles. Request you to please remove brand specific requirement from the product description, as well as lower the engine power requirement in line with at least the one specified for auto tippers so that other brands can also pitch	Vehicle of all the brands TATA, Ashok Leyland and Mahindra etc., are invited with following vehicle specifications: HP - 50 -65, Engine CC - 1200 to 2000, Payload 1000-1500 Kg, Torque 120-180 Nm, GVW 2100 - 2500, Steering Type: Power
8	Section I - Instruction to Bidders, Point no. 3 (Eligibility criteria), Page no. 16	Min. Value of cumulative order in last 3 years	Please clarify whether the values specified herewith are in no. of units/vehicles or amount in Rs. Lakhs	Any one or both will be the basis of qualification quantity (in Lakhs)
9		Hydraulic pump should be coupled with the vehicle PTO/vehicle engines capable to lift the 2.0 ton Garbage	We want to supply the Battery operated power pack as a solution	Bid condition prevails
10			As per department desire that in future if any DGS & D rate comes for any equipment, than the same rate will be applicable i.e. in case the price is DGS&D is more than empanelled rate than contractors is eligible to get the higher rate or not	If rate quoted by L1 is more than DGS&D rate than DGS&D rate will prevail and if the rate quoted is less the L1 rate will prevail.
11		In auto tipper bin lifter you have fixed the range of Engine, Payload and Torque	We suggest that it should indicated minimum, but not the maximum	Bid condition prevails
12	Technical Specifications Pg 14, Refuse Compactor 14 Cum	The Roof paneling thickness is mentioned as minimum 2 mm	since the equipment is subject to municipal Solid waste with high level of moisture we feel that the thickness should be increased and it should be not less than 3 mm	3mm is applicable as of now
13	1. Technical Specifications pg 14 -15, Refuse Compactor 14 Cum 2. 1 (iv)- Skid steer Loader with 6 in 1 Bucket, Backhoe Attachment Sweeper collector attachment page3	1. The payload of 16Ton GVW Truck Chassis for Refuse Compactor mentioned as minimum 12000 Kgs payload 2. Engine: Naturally aspirated Diesel engine, 4 cylinder liquid cooled Engine, and should comply with TIER-3 standards. Engine should be 50 HP± 2HP.	1. Kindly revise the above as the 16 T GVW vehicles of TATA (LPT 1613)and Ashok Leyland (1616) have 11387 kgs and 11385 kgs 2. Engine: Naturally aspirated Diesel engine, 4 cylinder liquid cooled Engine and should comply with TIER-3 standards. Engine should be 50HP ± 4HP.	1. Range would be applicable as following: 11000 kgs - 12000Kgs 2. Engine: Naturally aspirated Diesel engine, 4 cylinder liquid cooled Engine and should comply with TIER-3 standards. Engine should be 50HP ± 5HP.
