1. INTRODUCTION

General

- 1.1 Bihar Urban Infrastructure Development Corporation Ltd. (BUIDCo), Patna, Bihar, India will select a consulting firm /organization (the Consultant) in accordance with the method of selection specified in the Data Sheet. The Consultants are invited to submit a technical and a financial proposal (the Proposal) as specified in this RFP Document and the Data Sheet for this Assignment. The Assignment shall be implemented in accordance with the terms and Conditions specified in the Data Sheet and other sections of the RFP Document.
- 1.2 Consultants should familiarize themselves with local conditions and take them into account in preparing their Proposals. To obtain first-hand information on the assignment and local conditions, Consultants are encouraged to visit the project site.
- 1.3 The Client will provide the inputs specified in the Data Sheet, and will assist the Consultants in obtaining licenses and permits needed to carry out the services, and **make available relevant project data and reports, if available.**
- 1.4 Consultants shall bear all costs associated with the preparation and submission of their Proposals. Costs might include site visit; collection of information; and, if selected, attendance at contract negotiations etc.
- 1.5 BUIDCo is not bound to accept any Proposal and reserves the right to annul the selection process at any time prior to contract award, without thereby incurring any liability to the Consultants.
- 1.6 In preparing their Proposals, Consultants are expected to examine in detail the documents comprising the RFP. Material deficiencies in providing the information requested may result in rejection of a Proposal.

Conflict of Interest

- 1.7 BUIDCo requires that Consultants provide professional, objective, and impartial advice and at all times hold the Client's interests paramount, avoid conflicts with other assignments or their own corporate interests and act without any consideration for future work. Consultants shall not be recruited for any assignment that would be in conflict with their prior or current obligations to other clients, or that may place them in a position of not being able to carry out the assignment in the best interest of BUIDCo. Without limitation on the generality of the foregoing, Consultants, and any of their associates shall be considered to have a conflict of interest and shall not be selected under any of the circumstances set forth below:
 - (i) If a Consultant combines the function of consulting with those of contracting and/or supply of equipment; or
 - (ii) If a Consultant is associated with or affiliated to a contractor or manufacturer; or
 - (iii) If a Consultant is owned by a contractor or a manufacturing firm with departments or design offices offering services as Consultants. The Consultant should include relevant information on such relationships along with a statement in the Technical Proposal cover letter to the effect that the Consultant will limit its role to that of a Consultant and disqualify itself and its associates from work, in any other capacity or any future project within the next five years, that may emerge from this assignment (including bidding or any part of the future project). The contract with the Consultant selected to undertake this assignment will contain an appropriate provision to such effect; or
 - (iv) If there is a conflict among consulting assignments, the Consultant (including

its personnel) and any subsidiaries or entities controlled by such Consultant shall not be recruited for the relevant assignment. The duties of the Consultant depend on the circumstances of each case. While continuity of consulting services may be appropriate in particular situations if no conflict exist, a Consultant cannot be recruited to carry out an assignment that, by its nature, will result in conflict with another assignment of such Consultant. For example, a Consultant engaged to prepare engineering design for an infrastructure project shall not be recruited to prepare an independent environmental assessment for the same project; similarly, a Consultant assisting a client in privatization of public assets shall not purchase, nor advise purchasers of, such assets or a Consultant hired to prepare terms of reference for an assignment shall not be recruited for the assignment in question.

Fraud and Corruption

- 1.8 BUIDCo requires that consultants observe the highest standard of ethics during the procurement and execution of such contracts. In such pursuance of this policy, BUIDCo:
- a. defines, for the purposes of this provision, the terms set forth below as follows:
 - (i) “corrupt practice” means behavior on the part of officials in the public or private sectors by which they improperly and unlawfully enrich themselves and/or those close to them, or induce others to do so, by misusing the position in which they are placed, and it includes the offering, giving, receiving, or soliciting of anything of value to influence the action of any such official in the procurement process or in contract execution; and
 - (ii) “fraudulent practice” means a misrepresentation of facts in order to influence a procurement process or the execution of a contract to the detriment of the borrower, and includes collusive practices among bidders (prior to or after bid submission) designed to establish bid prices at artificial, non-competitive levels and to deprive the borrower of the benefits of free and open competition).
 - (iii) will reject a Proposal for award if it determines that the bidder recommended for award has engaged in corrupt or fraudulent practices in competing for the contract; and
 - (iv) will declare a firm ineligible, either indefinitely or for a stated period of time for awarding any BUIDCo contract if it at any time determines that the firm has engaged in corrupt or fraudulent practices in competing for, or in executing, any BUIDCo contract.

Eligible Bidders:

General

- 7.1 From the time the Proposals are opened to the time the contract is awarded, if any consultant wishes to contact the client on any matter related to its proposal, it should do so in writing at the address indicated in the **Data sheet**. Any effort by a Consultant to influence the Client in examination, evaluation, ranking of Proposals or recommendation or award of contract may result in rejection of the Consultant's Proposal.
- 7.2 A two stage procedure will be adopted in evaluating the proposals:
- (a) A technical evaluation which will be carried out prior to opening of financial proposals
 - (b) A financial evaluation
- 7.3 The Envelope-1 shall be opened first. If the RPF Document Cost and Bid Security are not found to be in order then the proposal shall be treated as non-responsive and shall not be evaluated further.
- 7.4 **Notwithstanding the foregoing BUIDCo reserves their rights to exercise in assessing the past experience of Consultant with BUIDCo's projects currently being implemented and such consultants whose performance had not been satisfactory, will not be considered for evaluation/award.**

Evaluation of Technical Proposals

- 7.5 The eligibility criteria will be first evaluated as defined in Notice of RFQ for each bidder. Detailed technical evaluation will be taken up in respect of only those bidders, who meet with the prescribed eligibility criteria.
- 7.6 The Client's 'Technical Committee' (TC) will be responsible for evaluation and ranking of Proposals received.
- 7.7 The TC evaluates and ranks the Technical Proposals on the basis of Proposal's responsiveness to the TOR using the evaluation criteria and points system specified in the Data Sheet. Each Technical Proposal will receive a technical score (St). A Proposal shall be rejected if it does not achieve the minimum technical mark of 750 from the maximum of 1,000 points.
- 7.8 A Technical Proposal may not be considered for evaluation in any of the following cases:
- (i) the Consultant that submitted the Proposal belongs to one of the cases described in **Sub-Clause 1.6** to and failed to make a proper statement to that effect in the cover letter ; or
 - (ii) the Technical Proposal was submitted in the wrong format; or
 - (iii) the Technical Proposal included details of costs of the services; or
 - (iv) the Technical Proposal reached the Client after the submission closing time and date specified in the **Data Sheet**.
- 7.9 After the technical evaluation is completed, the Client shall notify Consultants whose Proposals did not meet the minimum qualifying technical mark or Consultants whose Technical Proposals were considered non-responsive to the RFP requirements, indicating that their Financial Proposals will be returned unopened after completion of

the selection process. The Client shall simultaneously notify, in writing Consultants whose Technical Proposals received a mark of 750 or higher, indicating the date, time, and location for opening of Financial Proposals. (Consultants' attendance at the opening of Financial Proposals is optional).

- 7.10 Before completion of the evaluation of Technical Proposal, the Client may at its sole discretion invite all or any of the eligible Consultants to make a presentation on their Technical Proposal to facilitate the understanding and evaluation of Technical Proposal. The scope of such presentation shall be limited to information already provided in the Technical Proposal.

8. **OPENING AND EVALUATION OF FINANCIAL PROPOSALS**

Opening of Financial Proposals

- 8.1 At the opening of Financial Proposals, Consultant representatives who choose to attend will sign an Attendance Sheet.
- (i) The marks of each Technical Proposal that meets the minimum mark of 750 will be read out aloud.
 - (ii) Each Financial Proposal will be checked to confirm that it has remained sealed and unopened.
 - (iii) The Client's representative will open each Financial Proposal. Such representative will read out aloud the name of the Consultant and the total price shown in the Consultant's Financial Proposal. This information will be recorded in writing by the Client's representative. The lowest bidder will be invited for contract negotiation.

9. **Deleted**

10. **CONTRACT NEGOTIATIONS AND AWARD OF CONTRACT**

- 10.1 The Consultant who is invited for contract negotiations will, as a pre-requisite for attendance at the negotiations, confirm availability of all experts named in its proposal except in the cases of absence on account of death or medical incapacity. Failure in satisfying such requirements may result in the Client proceeding to initiate the negotiation process with the next lowest bidder. Representatives conducting negotiations on behalf of the Consultant must have written authority to negotiate and conclude the Contract
- 10.2 **Technical Negotiations:** This will include a discussion of the Technical Proposal, the proposed technical approach and methodology, work plan and schedule, and organization and personnel, and any suggestions made by the Consultant to improve the TOR. The Client and the Consultants will finalize the TOR, personnel schedule, work schedule, logistics, and reporting. These documents will then be incorporated in the Contract as "Description of Services." Special attention will be paid to clearly defining the inputs and facilities required from the Client to ensure satisfactory implementation of the assignment. The Client shall prepare minutes of negotiations which will be signed by the Client and the Consultant.
- 10.3 Negotiations will conclude with a review of the draft Contract. To complete negotiations the Client and the Consultant will initial the agreed Contract. If negotiations fail, the Client will invite the second lowest Consultant to negotiate a Contract.

- 10.4 After completing negotiations the Client shall award the Contract to the selected Consultant and notify the other Consultants who could have been invited to negotiate a Contract that they were unsuccessful. After Contract signature the Client shall return the unopened Financial Proposals to the consultants whose Technical Proposals have not secured the minimum qualifying mark, or were found to be technically non-responsive
- 10.5 The selected Consultant is expected to commence the Assignment on the date and at the location specified in the Data Sheet.

11. DURATION OF ASSIGNMENT

The duration of assignment for satisfactory performance of the services the contract will be the period defined in Data Sheet.

12. PERFORMANCE SECURITY

The consultant will furnish within 10 days of the issue of Letter of Acceptance (LOA), an Account Payee Demand Draft/Unconditional Bank Guarantee (in prescribed format) in favour of "BUIDCo" payable/en-cashable at **Patna**, from any nationalized or scheduled commercial Bank in India having its office at Patna for an amount equivalent to **5% (five percent) of the total contract value** towards Performance Security valid for a period of **Six (6) months** beyond the Actual date of completion of services. SECTION 5: TERMS OF REFERENCE

Section 5: Terms of Reference (TOR)

1. INTRODUCTION

Bihar Urban Infrastructure Development Corporation (BUIDCo), a Govt. of Bihar undertaking, requires the services of suitably qualified and registered domestic Consulting Firms/Agencies/Companies to provide Consultancy services for carrying out feasibility studies, and preparation of Detailed Project Report and Bid Documentation for providing basic urban infrastructure services to Patna town in Bihar.

The Consulting Firm will be required to have staff of suitably qualified Professionals being competent to carry out all of related duties and equipped with necessary facilities for conducting desired tests.

- (i) **After acceptance of consultants' program by client, the Consultants will be fully responsible to mobilize the resources required to maintain the agreed schedule of work within the total person months agreed under the contract for the services. In case of any delays, which are not beyond the control of consultants, the client reserves the right to require Consultancy Firm to provide additional resources and personnel as may be required to make up the lost time, for which no additional payment shall be made.**
- (ii) Whenever power point presentation or otherwise are sought for, the consultants shall make themselves available to various committees.

2. SCOPE COVERAGE

Project Area: The area under the proposed project is the part area under jurisdiction of municipal limit/ ULBs limit.

Data/information as available with BUIDCo and other Government department are given below. All these information shall be furnished to Successful Bidder.

Table 2: Available Information/Data

Description of Available Information/Data	Patna Town
GIS Data	Will be facilitated by Buidco to obtain (if required)

3. OBJECTIVES OF THE ASSIGNMENT

The primary objective of the consultancy is to undertake feasibility studies, prepare requisite DPR and Bid Documents of PREPARATION OF DETAILED PROJECT REPORT FOR INTERCEPTION AND DIVERSION IN TWO TOWNS (KHAGARIYA AND TEGHRA), BIHAR, INDIA. It is proposed to obtain financial assistance under different schemes of GOI (like AMRUT) or other External Funding, if available. Govt. of Bihar may also provide part financial assistance through State Plan for implementation of proposed projects. The objective of the Project proposed is to promote sustainable environment and basic urban infrastructure and sanitation facilities to the citizens and to ensure effective

abatement of pollution by adopting a river basin approach for comprehensive planning and management, and to maintain minimum ecological flows in the rivers in vicinity with the aim of ensuring water quality and environmentally sustainable development. Following standards and guidelines laid by Ministry of Urban Development and Ministry of Environment & Forest, Govt. of India needs to be followed.

- CPHEEO's "Manuals". Govt. of India
- *Guidelines for Preparation of Project Reports under National River Conservation Plan and National Ganga River Basin Authority* issued by Ministry of Environment & Forest, Govt. of India
- *Environmental and Social Management Framework (ESMF)* issued by Ministry of Environment & Forest, Govt. of India
- Any other Guideline issued by GOI and GOB for planning and design of project likely to be proposed for funding under AMRUT.

4. SCOPE OF WORK

The detailed scope of work of different components is as below:

This component is proposed for the Preparation of DPR for Interception and Diversion in Two Towns (Khagariya and Teghra) to improve the drainage/ Sewerage system of the locality. Drain should be covered so that it can be used as road if required along with the existing roads.

The objective of the assignment is to study, analyze, design and prepare DPR for providing a effective drainage system for the area by undertaking a technical, financial, economic, environmental and social study, prioritized capital investment plan, detailed designs, drawings, cost estimates and bidding documents for planning and implementation of such investments.

- All the drawings shall be good for construction.
- Hydraulic loading shall include maximum discharge from Different Outfalls/STP and storm water flow from surrounding catchments entering into Drainage through intermediate drains.
- Structural loading on the drain shall be as per latest IRC /IS codes. Hydraulic design shall be based on the relevant IS codes and CPHEEO's manual. .and cross section shall be adequately designed.
- Adequate provision for cleaning the Sewerage/Drainage both manually and mechanically and draining out surface runoff to be kept as per best available practices.
- Augmentation of pumping facilities, if required, shall be considered.

The present assignment shall include the following but not limited to:

A. General Framework

- (i) Reviewing existing maps, studies, and other related documentation to obtain a better

understanding of the existing Different Sewerage/Drainage prior to the start of fieldwork.

(ii) Undertaking detailed topographic survey of the Project area and leveling survey and preparation of base maps showing the connecting drains and their catchment areas.

(iii) Consultant to collect data through primary investigation or secondary data collection Indicating the details of other underground services, mainly sewers and water mains (electrical cables) which are in the vicinity of the Sewerage/Drainage and show their distance .

(iv) While formulating designs, the existing side drains, canals, other major storm water canals / rivers maintained by the PHED Department, Highways Department should be analyzed based on the maximum rainfall, storm water runoff and flow from various STP for the project area on a scientific basis.

(v) Suggesting suitable materials for construction with cost benefit analysis discussing the feasibility of using pre cast structures and providing structural designs and other design and details as appropriate

B. Stakeholder Consultation

(i) Detailed consultations shall be conducted with various stakeholders like Government departments like ULB, PHED, UDHD, NGOs, general public, etc with specific deliberations on project proposals, to receive opinions and identification of land. The suggestions received from the consultations shall be shall be documented and reviewed and be considered in finalizing the designs.

C. Project Cost & Financial Viability

- (i) Preparation of **project cost estimate** including capital, O&M Costs based on the above and preparation of financial analysis.
- (ii) The cost estimate shall be based on the latest schedule of rates of Government of Bihar. There shall not be any lump sum provision in the estimate for items not covered in the schedule of rates market rates shall be adopted with evidence.

D. Institutional Strengthening & Capacity Building

- (i) Recommending organizational set up for operation and maintenance of the system. Identify requirements of staff along with costs. Involve the concerned local body at all stages.

E. Implementation Plan

- (i) Prepare the project implementation schedule for execution. This will also include drawing up project budget with monthly/quarterly target; furnish network analysis such as CPM, PERT for purposes of effective project monitoring and regular reports.
- (ii) Suggesting use of modern technologies for implementation of project.

F. Environment & Social Consideration

- (i) Preparation of Environmental and Social assessment Report to prepare necessary impact assessment and Environmental Mitigation Plans and Resettlement action Plans
- (ii) Identifying specific protection arrangement for trees and other sensitive environmental components. Tree cutting requirement if any shall be clearly identified and listed with schedule of permission from regulatory authorities to facilitate cutting.

G. Approvals/ permissions

- (i) Wherever permission from a state or central government organization is required in implementation of the project, it would be endeavored to obtain the same while finalizing the DPR. However, in case same is not possible while finalizing DPR, proper proposal should be initiated from the ULB for sanction.
- (ii) Clearances/ Permission from other Ministries namely Ministry of Environment and Forest, SPBC/CPCB, NHAI and Railways, if required, shall be obtained and enclosed with the DPR.
- (iii) Whenever power point presentation or otherwise are sought for, the consultants shall make themselves available to various committees.

5. SURVEY, DATA COLLECTION AND INVESTIGATION

a) Field Survey

Planning and design of the Sewerage/Drainage shall require topographical survey of the project area to be carried out and necessary base plans with spot levels and contour levels shall be prepared.

where survey details are given by BUIDCo, the project area's details should be verified at random based on the given survey drawing and additional areas, if in the town, should be surveyed and the complete details got certified by the ULB for completeness of coverage, and a layout plan to scale as specified shall be prepared indicating the existing and proposed components along with RLs.

Where basic input data on survey is not given by BUIDCo, Consultant shall carry out Topographical survey project area and prepare road plan with levels along roads/streets at suitable intervals and junctions of roads, locations such as change in gradient, road turnings, zoning areas and selection of site for head works etc in the listed ULBs under consultancy and prepare contour map.

The survey shall be guided by the following:

Establishing Temporary Benchmarks at suitable places near the Sewerage/Drainage with respect to the known GTS benchmark or a benchmark transferred from GTS by departments like Public Works Department etc.

Landside features to be include but not limited to

- Electrical poles, telephone poles, transformers, manholes, trees, building lines, type of buildings (kutcha/semi pucca/pucca/shops/houses, no. of stores etc.), and also building frontage, Water Supply lines, taps, bore wells, open wells, overhead tanks etc., all water bodies – lakes, streams, ponds, canals places such as temples, temple mast, mosque, church, grave yard, road width, type of road

surface etc.

- Locations of existing drains clearly identifying the type (open/closed/kutcha/pucca, within or outside foot path), width and invert level of drain including the beginning and end of drain.
- Location of existing sewers (if any), manholes etc
- Railway lines with details of culverts-vent way and levels
- Details of flood marks and Flood levels available at site
- During Field Survey, the Consultant is expected to coordinate with the relevant Local Body and identify potential sites for Over Head Tanks, Sewage Pump stations, Treatment Plant, Tube Wells etc. and collect Katha/Khasra details for the chosen sites
- Carry out Block level survey at suitable intervals of the chosen sites

b) Data Collection

The consultant shall be wholly responsible for all the details of the proposal, the physical and site conditions, the execution methodology etc. All data utilized in preparation of the proposal shall be presented indicating the source of the data and also the basis of assumptions, if any. The consultant shall be responsible for all the data or designs and drawings and cost estimate given by them.

c) Soil Investigations

Soil investigation along the Drainage/Sewerage shall be at approximately 500 m intervals and shall be used to profile the subsurface.

6. LAND REQUIREMENT

The Consultant shall obtain No Objection Certificate from Land belonging PMC/ Concern ULBs before finalizing the Draft Detail Project report. BUIDCo will facilitate in obtaining the NOC from PMC/ Concern ULBs, if required. No payment for Preparation of DPR will be entertained if NOC not obtain for elected Location/Concern ULBs.

7. OUTPUTS AND DELIVERABLES

Under this contract the Consultant's payments will be on output and deliverables based. It is very important for the consultants to note the exact outputs required and their contents. The desired outputs & deliverables under this contract are as shown in the table below.

Report	Due Date	No of copies, type & language	Contents
DPR Preparation Phase			
Draft DPR Reports	15 Days	3 hard copies And original Version of soft Copy in English, Drawings in Auto CAD.	1. Describing the adequacy of the project preparation arrangement; Site visits, physical survey of the alignment of Sewerage/drain and surrounding preliminary assessments; Proposed design criteria, approach & Methodology; Revised activity and input plan; Record of meetings held; Any issues arising, etc. This will also include personnel schedule and work plan including Quality assurance plan. 2. Assessment of existing status of Sewerage/drain and their renovation plan; Summary of findings based on completed situation assessment and feasibility studies for technical, financial, social, cultural, environmental, legal, institutional and economic aspects; Data & record collected from PMC ; Studies carried out; Options proposed and selected; Outline description of programme; Expected Project costs, etc. 3. Detailed Engineering, design, drawing specifications, estimation etc. as per TOR
Final Report	10 Days	5 hard copies and original version of soft copy in English, Drawings in Auto CAD.	As above but accommodating all points Recommended by the Client.
Bidding Documents			
Bid Document	10 Days after approval of Final DPR.	10 hard copies and original version of soft copy in English, Drawings in Auto CAD.	Using standard bidding document and provisions of Bihar Financial Rules and best construction industry practices; development of Bid Documents along with scope of work, specifications, tender drawings & BOQ, and accommodating all points suggested/ recommended by the Client group.

8. REPORTS TO BE SUBMITTED BY THE CONSULTANT TO BUIDCO

- 8.1. All reports, documents and drawings obtained by the consultant are to be submitted by him to the client under this assignment. The analysis of data and the design proposals shall be based on the data derived from the primary surveys and investigations carried out during the period of assignment. The sources of data and model relationships used in the reports shall be indicated with complete details for easy reference.
- 8.2. Since the project preparation is quite expensive and time consuming, the projects under this assignment are proposed to prepare in various stages and at the end of each stage decision shall be taken at competent level and conveyed to consultants whether to proceed for next stage. Project preparation activities will be split into

four stages as brought out below.

Stage 1: Draft Detailed Project Report (DDPR)

Stage 2: Detailed Project Report (DPR) and

Stage 3: Draft and Final Bid Document

- 8.3. Time schedule in respect of all such stages has been indicated in earlier Paragraphs. Consultant shall be required to complete, to the satisfaction of the client, all the different stages of assignment within the time frame indicated in the schedule of submission pertaining to Reports and Documents for becoming eligible for payment for any part of the next stage.
- 8.4. The Consultant shall submit to the client the final reports and documents in **bound volumes** (and not spiral binding form) after completion of each stage of work as per the schedule and in the number of prescribed copies. Further, the reports shall also be submitted in CDs in addition to the hard copies. The soft copy shall be in original version and shall not be converted in pdf form. Consultant shall submit all other reports mentioned specifically in the TOR.
- 8.5. The time schedule for various submissions shall be strictly adhered to. No time-over-run in respect of these submissions will normally be permitted. Consultant is advised to go through the entire terms of reference carefully and plan his work method in such a manner that various activities followed by respective submissions as brought out are completed as stipulated. Consultant is, therefore, advised to deploy sufficient number of supporting personnel, both technical and administrative, to undertake the assignment. As far as possible, the proposal should include complete information such as number of such persons, name, position, period of engagement, etc. The Consultant is also advised to start necessary survey works/data collection from the beginning so as to gain time in respect of various other activities in that stage.

8.5.1 Draft Detailed Project Report (DDPR)

Quality Assurance Plan (QAP) Document

Immediately upon the award, the Consultants shall visit the town(s) and submit four copies of the QAP document covering all aspects of field studies, investigations design and economic analysis. The quality assurance plans/procedures for different field studies, engineering surveys and investigation, design and documentation activities should be presented as separate sections like engineering surveys and investigations, material geo-technical and sub-soil investigations, hydrological investigations, economic & financial analysis, drawings and documentation; preparation, checking, approval and filing of calculations, identification and traceability of project documents etc.

8.5.1.1 The Draft Detail Project Report shall cover the following major aspects:

- (i) Project appreciation;
- (ii) Detailed methodology to meet the requirements of the TOR finalized in consultation with BUIDCo officers; including scheduling of various sub-activities to be carried out for completion of various stages of the work; stating out clearly their approach & methodology for project preparation after due inspection of the entire project stretch and collection/ collation of necessary information;

- (i) Executive summary
- (ii) Project Background, Introduction, Project Area and Need of the Project
- (iii) Long Term Plan to address project objectives
- (iv) The Proposed Project
 - a. Objectives
 - b. Project Users
 - c. Rehabilitation and De-bottlenecking of the Existing Systems
 - d. Project Description
 - e. Support Activities
 - f. Integration of the Project with the Existing and Future Systems
 - g. Agencies Involved in Project Implementation and Relevant Aspects
 - h. Establishing Feasibility may be based on Block Cost Estimates.
 - i. Implementation Schedule with detailed PERT/CPM Charts
 - j. Operation and Maintenance of the Project
- (v) Conclusions and Recommendations
- (vi) Task Assignment and Manning Schedule;
- (vii) Work Programme
- (viii) Performa for Data Collection;
- (ix) Key plan and Linear Plan;
- (x) Development plans being implemented and/ or proposed for implementation in near future by the ULB and other line agency and the possible impact of such development plans on the overall scheme for field work and design for study;
- (xi) Draft design standards; and

8.5.1.2 The Draft Detail Project Report should clearly address the following points

- (i) Methodology adopted for the study
- (ii) Socio-economic profile of the project areas
- (iii) Possibility of Sewerage System and Storm Water Drainage System. It is intended to provide Sewerage and Drainage throughout the area of towns. Consultant need to bring out all such issues at the feasibility stage. This would particularly include but not be limited to:
 - a. Preliminary cost comparison (capital as well as O&M expenses)
 - b. Feasibility of implementation of sewerage and drainage in City where fully functional water supply system is already in place.
 - c. Stakeholder consultation and ULB approval for sewerage and drainage.
 - d. Preparedness of ULBs to implement sewerage and drainage.
 - e. Way forward and road map for ULBs/PHED for preparation of soft side components of Sewerage and Drainage system including assessment of staffing need, computerized billing & collection, volumetric measurement and metering.
- (iv) Indicative design standards, methodologies and specifications
- (v) Investigations, Surveys and analysis
- (vi) Alternatives considered for coverage, zoning, sewage treatment technology, water sources considered etc.
- (vii) Detailed analysis of recommendations made in CDP and CSP and how the same are proposed to be incorporated or found not feasible.
- (viii) Preliminary land acquisition/transfer requirements
- (ix) Preliminary Cost estimates

8.5.1.3 The basic data obtained from the field studies and investigations shall be submitted as an Appendix to the FR.

8.5.1.4 The DDPR Submission as given below:

- Volume I – Main Report together with Economic, Financial and Environmental Reports
- Volume II – Survey, Investigations and Detailed Designs
- Volume III – Data for Materials and Works, Detailed Estimates of Quantities and Cost
- Volume IV – Drawings

8.5.1.5 The DPR incorporating comments of clients group shall be submitted to Ministry of Urban Development/ Ministry of Environment & Forest (MoEF), Govt. of India or any other funding agency through Urban Development and Housing Department (UDHD), GoB for approval and for consideration of funding. GoB may also consider for funding of some infrastructure under State plan. Any comments, revision and modifications suggested by Govt. of India/GoB/Funding agency through UDHD shall be incorporated and DPR shall be suitably modified. The Final DPR will be accepted only after approval of DPR from sanctioning authority.

8.5.2. Final Detailed Project Report (DPR)

- (i) The comments of BUIDCo/Gol/GoB and Funding agency, if any, on the DDPR submitted at Stage-3 shall be incorporated and shall be resubmitted as Final DPR.
- (ii) Consultant shall assist BUIDCo/UDHD in posing the DPR to the funding agency to get approval of DPR and sanction of funding.
- (iii) Five (5) Sets of Final Detailed Project Reports, incorporating all revisions deemed relevant following receipt of the comments from BUIDCo shall be submitted as per the schedule.

8.5.3. Bid Documents

Bid Documents shall be prepared as per **Standard Bid Documents of GOB/Funding Agency** in packages as agreed/approved in final DPR complete with all schedules, formats, scope of work, technical specifications, BOQ, contract conditions, drawings etc. and shall be got approved from BUIDCo/UDHD.

Five (10) Sets of Final Bid Documents of each package, incorporating all revisions deemed relevant following receipt of the comments from BUIDCo shall be submitted as per the schedule.

9. INTERACTION WITH BUIDCO AND OTHER LINE AGENCIES

9.2. During entire period of services, the Consultant shall interact continuously with BUIDCo and provide any clarification as regards methods being followed and carry out modification as suggested by BUIDCo. A programme of various activities shall be provided to BUIDCo and prior intimation shall be given regarding start of key activities such as survey/investigation etc. so that inspections of BUIDCo officials could be arranged in time.

9.3. BUIDCo officials and other Govt officials may visit the site at any time, individually or collectively to acquaint themselves with the field investigations and surveys.

- 9.4. All equipment, software and books etc. required for satisfactory services for this project shall be obtained by the Consultant at their own cost and shall be their property.

10. DATA AND SOFTWARE

10.1. The CDs containing all basic as well as the processed data from all field studies and investigations, report, appendices, annexure, documents and drawings shall be submitted to BUIDCo at the time of the submission of the DDPR. The data can be classified as follows:

- (i) **Engineering Investigations and Other Studies:** Geo-technical surveys, Hydrological Studies (for proposed cover Drain sites), source water quality analysis, physiochemical Analysis of Wastewater Inventory data for existing water supply/sewerage/drainage facilities (if any), their rehabilitation, new construction requirement etc. in MS EXCEL or any other format which could be imported to widely used utility packages.
- (ii) **Topographic Surveys and Drawings:** All topographic data would be supplied in (x, y, z) format along with complete reference so that the data could be imported into any standard design software. The drawing files would be submitted in *.dwg format.
- (iii) **Rate Analysis:** The Consultant shall submit the rate analysis for various works items including the data developed on computer in this relation so that it could be used by the client later for the purpose of updating the cost of the project.
- (iv) Economic and Financial Analysis.

10.2. Software

10.2.1. Consultant is required to design the cover Drain Sewerage/Drainage works using relevant software like STAAD Pro, Sewer Gems or Sewer Cad/Storm CAD/Auto Sewer/ spread sheet format for Sewerage, drainage.

10.2.2. The CDs should be properly indexed and a catalogue giving contents of all CDs and print-outs of the contents (data from field studies topographic data and drawings) should be handed over to BUIDCo at the time of submission of the Final Report.

11. EXPERTISE AND INPUTS

11.1. Personnel Requirement

The Consultant shall be required to form a multi-disciplinary team for this assignment. The consultant Team shall be manned by adequate number of experts with relevant experience in the execution of similar detailed design assignments. The Consultant's minimum personnel requirements are estimated and shown in Table-1. This contains information about the personnel to be provided by the consultants stating type of expertise and the required skills and experience. The criteria are desirable and not restrictive, such as stating an exact degree might preclude other good candidates from the job. Ultimately, the CVs provided will form the largest component of the evaluation. So it is important that CVs are described well in prescribed format.

Table 3: Personnel Requirement

Sl no	Designation of key Experts	No's of	Man Month

SUPPORT STAFF			
(i)	Support Engineers (Civil)	1	3
(ii)	Drafting Support/CAD Operator	1	2

The key personnel fielded by the consultant shall not be shifted during the entire period of the services. The basic professional requirements of personnel are also shown in Table-4.

Table 4: Qualification of Personnel	
A	Key Personnel
Team Leader cum Sewerage Expert	Graduate Civil Engineer/ preferably post graduate Civil/ structural Engineer with at least 20 years experience including at least 15 years experience in the related field including detailed design, engineering & preparation of detailed project reports for I&D (i) Urban Sanitation including cover drainage and sewerage (ii) General civil works sectors. Should have specific experience of two large integrated multi-disciplinary urban infrastructure projects costing more than Rs 200 Cr, in capacity of Team Leader/ Dy. Team Leader.
Storm Water Drainage Expert.	Post Graduate in Civil /Public Health/Hydraulics and Water Resources engineering with at least 10 years experience in including at least 10 years experience in including at least 6 years experience in the design of storm water management including detailed design, engineering & preparation of detailed project reports of drainage system, rain water harvesting and knowledge of preparation of drainage master plan, familiar with specification & provisions of best engineering practices Should have specific experience of one large integrated storm drainage Project costing more than Rs 30 Cr, in capacity of Team Leader/ Dy. Team Leader.
Electro Mechanical Expert	Graduate engineer with at least 12 year experience in design of Pumping Station with sump for Storm Water Drainage/Sewerage.
Structural Engineer	Graduate engineer with at least 12 years experience in the field of structural design including 8 years experience in design of Drainage/Drain.
Survey & geotechnical	Graduate engineer with at least 10 years experience in the field of Surveying, soil investigations, including experience with drainage/Drain projects.
Social Expert & Institutional Expert.	Master degree in relevant stream with at least 10 years experience in relevant discipline including preparation R&R plan, capacity building and Institutional strengthen.
Environment Management-cum EIA	Post Graduate in Environmental Engineering or (Environmental science) with at least 10 years experience in conducting EIA/EMP as per MoEF-

Expert.	GoI guidelines.
Procurement cum documentation Expert	Graduate Engineer with at least 10 year Experience of Government procedures with regards to procurement on the basis of item rate, Turnkey etc preferably procurements under Externally aided projects. Experience for cost estimation of different nature of subprojects; including waste water and general civil works, knowledge of preparation of BOQ of percentage rate/item rate/ turnkey bid documents, preparation of bid documents etc.

B	Support Staff (Technical)
Support Engineer	Graduate Engineer (Civil) with at least 3 year experience in required field of design.
CAD Operators	Diploma Engineer (Civil/ Mechanical) as per work requirement with at least 3 year experience in required field in the related sector.

Note:

- Experience of AMRUT/UIDSSMT projects or externally funded projects or working in similar regions would be advantageous/ preferred for all key positions.
- The numbers of man-months for the key personnel are indicative and may change as per periodical reviews of actual requirements during course of execution of contract.
- The CV's of support staff (technical) and Other Experts are not required along with Technical Proposals.
- All above personnel should be computer savvy. All technical personnel viz. key, senior and support should be able to use latest design software, project management software for the respective area of work.

11.2. Replacement of Key Personnel

Key Personnel shall not be replaced by the Consultant without prior permission of BUIDCo. The substitute key personnel replacing the key personnel should be equally qualified or better qualified. Consultancy fee shall be deducted by 10% of man month rate in case of replacement of Team Leader. Consultancy fee shall be deducted by 5% of man month rate for each replacement of other key personnel.

During execution of contract, the expert or person who is not found able to deliver or perform as per the expectation of BUIDCo which is supposed to be within his control, he shall be demobilized by the consultant with immediate effect and arrange his replacement with prior approval of BUIDCo.

11.3. Other Requirements

Consultant shall ensure that their Team Leader/Deputy Team Leader must meet BUIDCo office fortnightly and also when required for meeting/discussion in BUIDCo office. Additionally there field level staff shall be available in project towns during the survey work and investigation works and their details of presence with their contact details shall be made available in BUIDCo so that, if need be, they may be called to BUIDCo office whenever required. Field level staff may leave the project sites only after BUIDCo being satisfied with the survey details submitted.

The consultant shall mobilize all necessary computers, software and all other equipment required to fulfill the job. The consultant shall be responsible for all conveyance and communication facilities etc which may be required to carry out the job and consider these aspects while quoting their financial proposals.

12. WORKING ARRANGEMENTS

12.1. Items to be provided by the Client or Consultant

- (i) Client will assist in providing related data, maps and plans, drawings and other information available with Government / ULBs for the project town.
- (ii) Office Space, equipment, software and facilities related to the performance of services under the contract shall be arranged by the Consultant at his own cost.
- (iii) Sampling, collection and analysis of water and wastewater as per requirement of CPHEEO Manual and NGBRA Guidelines will be carried out by Consultant at his own cost. Rainfall data of required frequency shall be arranged by Consultant at his own cost.
- (iv) All surveys, tests, investigations, studies, mappings required for satisfactory performance of the service for all project components shall be carried out by Consultant at his own cost.
- (v) The consultant shall take out and maintain adequate insurance of all equipment and reports etc. at his own cost.

13. PAYMENT TO THE CONSULTANTS

- (i) The consultancy charges for performance of the services under the contract shall be paid by the client as per payment schedule given in Terms of Reference subject to clause 6 of TOR.
- (ii) The client shall pay the Consultant, the Service Tax, on prevailing rates as applicable on the consultancy charges.
