SCOPE OF WORK

1. At the time of agreement an inventory list of all machines, equipments will be signed by the employer and the bidder and will be handed over to bidder for contract period.
2. The tenderer shall provide skilled pump operators preferably ITI certificate holder or having experience of operating such machines for a minimum of 01 (One) year. The experience certificate from previous employer will be required to operate the pumps and it's accessories in all the three shifts.
3. The tenderer shall provide skilled electrical & mechanical technicians and mobility facility for their staff (electrical & mechanical technicians)
4. The bidder shall provide sufficient numbers of sweepers to clean the sumps and drain specially at gratings.
5. The bidder shall be responsible to maintain the quality of work. Spare parts used for repairing will be of standard make.
6. Energy bills will be paid by Bihar Urban Infrastructure Development Corporation Ltd.

7. During power interruption or in breakdown of any electric motor, diesel pump set will be operated. During heavy rain fall the diesel pump shall be operated simultaneously to maintain normal water level (to be decided by E/I). The fuel & lubricating oils will be provided by the bidder. Proper Log Book shall be maintained and shall be submitted to E/I. Bidder will always keep twenty four hours diesel and lubricant in stock at site.
8. The Bidder will have to repair all the pumps and their accessories thoroughly as per schedule mentioned in column-9 of above table and a record of the work done shall be maintained in site order book issued by E/I .
9. Since the job of BUIDCo is of urgent nature, the bidder shall be responsible to keep all pumps functional at any point of time, if any defect occurs it has to be rectified immediately. In case of major break-down such as burning of motor or burning of transformer within 5 days failing which a penalty of 15% of contract value shall be charged which will be deducted from their bill.
10. The bidder will have to maintain a ready stock of fast moving consumable materials / spares which are not readily available in local market such as contactors, ACB, MCCB, bearing etc.
11. The bidder will be responsible for safety of his/their staffs and concerned DPS including electrical safety.
12. The bidder will have to submit a certificate on firm's letter pad regarding thorough repair of Electro- Mechanical equipments installed on the plant as specified in column- 9 of table.
13. The bidder shall maintain a site order book to note the maintenance / repairing work executed for repairing of electro- mechanical work duly verified by the BUIDCo officers.
14. The bidder shall maintain a Log-Book in which details of operation of pumps shall be noted shift wise by the pump operators.
15. The plant will be handed over to bidder after issue of work order.
16. First Aid box shall be provided by the bidder.
17. The campus and the inside building shall be kept clean by the bidder.
18. If required to install any extra pump provided by the employer in monsoon due to excessive rain, the bidder will have to install it and operate it with same responsibility. Diesel and mobil will be provided by employer as per Log-Book of extra pump.
19. Although the contract is for a period of 01 year, since the work is of emergent nature of public convenience, so performance and sincerity of contractor will be kept on regular punctualities. If any slackness is found, contract will be rescind and proper action will be taken.
20. Sump will be de-silted in month of April/May.
21. After completion of contract period bidder will hand over all materials and equipments in working condition to the employer.
